Without Volunteers there is no club

Volunteers make our club possible, without their help our club cannot exist! Whether you are a trainer/coach, are present as a first aider, are a referee, help with social media, organize fun theme trainings or events, think along, help the trainer/coach or do another job: every help is valuable! Volunteering also gives satisfaction: you learn new skills and you see how through your efforts members have fun and the club grows.

So write down your talents below and which job(s) or task you would like to do for the club:

Safety and injury history

Rugby is a contact sport. Injuries are a part of any contact sport. However, serious or life-threatening injuries are rare in Rugby. To practice this sport as safely as possible, it is important that injuries and injury prevention are taken seriously. During rugby, instructions from the coach, trainer, first-aider and/or referee should always be followed.

World Rugby has established guidelines, outlining the prevention, recognition and proper treatment of injuries and concussions.

We advise every player and every parent of a player to read through these guidelines:

<https://passport.world.rugby/injury-prevention-and-risk-management/rugby-ready/injury-management/?overridelang=1>

It is therefore very important, in case of an injury or medication use, to notify the coach/trainer beforehand. Furthermore, it is important to communicate in advance what sports you have experience with, for how long and at what level.

Conduct and house rules

- We adhere to the Rugby Values (<https://rugby.nl/rugby/beginnen-met-rugby/kernwaarden/>): Respect, discipline and camaraderie.
- We adhere to Rugby's code of conduct <https://rugby.nl/rugby/beginnen-met-rugby/gedragscode/>
- With us, everyone participates. Everyone treats each other with respect and kindness. Having fun is paramount.
- With us it is safe: discrimination, racism, intimidation, bullying, physical and mental violence are not allowed.
- We report problems to the coach or trainer and solve problems by talking about them.
- With us, everyone, including bystanders, listens to the coaches and trainers and we do this without contradicting the coach and trainer. If you do not agree, report it to the coach or trainer so that this disagreement can be resolved at an appropriate time and place.
- With us, we all work together to create a pleasant and safe sports environment and report it to the coach, trainer or confidential advisor if we do not feel safe and/or if we notice that someone else does not feel safe or is safe.
- With us, we all work towards a healthy sports environment: there is no smoking, no drinking of alcohol and no use of (soft) drugs, including bystanders.
- We behave as good guests and owners: we abide by the house rules of the (sports) complex where we train, play and/or are guests.
- In case of undesirable behaviour, Rugbyclub Alphen will take measures, which can lead to denial (without refund of membership fees) of training sessions, activities, meetings and competitions and possibly even to reporting to the competent authorities.
